

# The Lomond Press

VOL. 6 NO. 41

LOMOND, ALBERTA. FRIDAY, MAY 12, 1922

\$1.00 PER YEAR

## LOCALETS

D. H. McKenzie of Brooks, inspector of schools, paid an official visit to the Lomond Consolidated Schools last week.

Oscar Olson has been laid up this week with an attack of quincy.

W. A. Teskey is starting up a stage line between Lomond running Tuesdays, Thursdays and Saturdays.

Miss Tracey of Calgary has been engaged to teach the Midway school, Miss Rennie having given up her position to take a normal course.

"Cap" Blake has gone to Calgary for medical consultation, the flu having left him in a bad way, physically.

Six men were added to the field staff of the Methodist Church in Alberta last Monday, following convocation at Alberta College, including James Herbert Stark, formerly of Lomond and a brother to Mrs. Gordon Elliott, who was awarded the George Hanna gold medal for proficiency in the entire course in theology and also the W. T. Henry prize of \$25 in cash, being first in theology in his final year.

A phone has been installed in the residence of Dr. J. S. McPherson.

P. Tompkins the relief man is winding up his business affairs at Lomond and will close up shop this week. All his hay requisitions have been received and disposed of and all the people's quarrel with the U. G. G. over the rotten deal they are getting on the oat deliveries.

E. R. Barnett having resigned from the Municipal District Council, a nomination meeting of ratepayers from division six is called for Friday, May 26th., in the Municipal Office at 1 p.m. A general public meeting of ratepayers is also called for the same time and place when the grasshopper problem and other matters will be discussed.

Percy Nord, son of Peter Nord of Travers, was rushed to a hospital at Lethbridge last Thursday night, where Dr. Walkey there and then performed an operation removing the appendix.

The golf enthusiasts have staked out their links on Frank Newton's commons. One may now look for calabash pipes, Scotch tweed knickers and rolled stockings.

Mr. Asplund, the grasshopper expert sent out by the Department of Agriculture to organize the campaign against this most

probable pest, met the Municipal Council at Lomond on Thursday evening and later addressed the public there assembled on the seriousness of the menace. Judging by the eggs discovered locally by him, we have a real problem to meet. More publicity given in next issue.

L. M. Swain is down from the city on a business trip. L. M. is now writing insurance for the New York Life Co.

Chas. Kay of Armada had the misfortune to break his collar bone on Saturday. The ratchet on the seeder lever failed to catch and the lever sprung back causing the fracture.

Little Gladys McFall at Kinmondale was severely scalded about the shoulder and body when a lard pail filled with boiling water was accidentally upset upon her. The skin surface affected ran dangerously close to the line of fatality but the progress toward recovery is now quite satisfactory.

J. J. Taylor of Travers was fined \$5 and costs before J. Ps. Adair and Rogers under a cruelty to animals charge, the offense being the wiring of tin cans on the backs of cattle to keep them from crawling thru wire fences. The department has authorized prosecution in all such cases.

The summer schedule for the Lomond train service came into force the first of May. Departure is now billed for 8:00 a. m. on Wednesdays and Saturdays and the arrivals on Tuesdays and Fridays are now due at 6:45 p. m., though no one could claim this part of the time table to be very effective so far. The C.P.R. has had a track gang of seven men working from the Lomond end south replacing ties, etc.

In the theft case against W. T. Green preferred by A. I. Sommerville, both of Reid Hill, heard at Lomond on Saturday before J. Ps. Jos. Rodgers and W. Adair, a dismissal of the case was made on the grounds of insufficient evidence. Stack of Vulcan appeared for defendant and Mahaffey of Calgary for the plaintiff.

Commencing Wednesday, May 10th, the usual weekly business half holiday will be adopted by Lomond business houses. The change from Thursday to Wednesday was made this year to coincide with the day adopted by most all the other towns in the neighborhood and also with the hope of enjoying better cooperation in the realms of sport.

On Saturday, April 29, Mrs. D. Phillips received a wire ap-

prising her of the death by drowning of her 12-year-old grandson which occurred at Weyburn, Sask. She left on the next train for Weyburn, Laurence Phillips accompanying her as far as Medicine Hat.

Mr. and Mrs. C. W. Thompson and little son were laid up for most of last week in the recovery from the effects of poisoning sustained through the eating of bananas. The bananas were eaten at the Saturday evening meal but the effects of the poisoning were not noticed until awaking on Sunday morning.

A large party of irrigation surveyors have started work at the headgates south-west of Travers on the final estimates of the Retlaw-Lomond irrigation project.

Kassim Sobb was fined \$5 and costs for evading quarantine regulations by leaving the flu hospital without the consent of the Health Officer.

Edward Barnett of Drumheller has been visiting his brother, E. R. Barnett, for a couple of weeks.

Canada has a shortage of homes and a surplus of labor and freight rates so high that no one will pay the transportation rates on lumber, then the carpenter wage is still maintained at a figure that causes hesitation on the part of would-be building investors. Most large business concerns find that by taking their losses and putting prices down to a level where public sentiment will start things moving, successful returns have invariably followed. Why not try the same with freight rates and numerous other things we might mention?

Born, at Lomond, on Monday, May 1st., to Mr. and Mrs. Rae L. King, a son.

Lomond will have a big day of sport on Wednesday, May 24th. The Board of Trade delegated a committee to handle the program. The draft of events calls for the following table of events:—11 a. m., Basketball, Lomond vs. Enchant; 1 p. m., Base Ball, Lomond Boys vs. Enchant Boys; 3:15 p. m., Athletic Events, Cash Prizes, 100-yd. dash for boys under 15 years, 100-yd. dash for boys over 15 years, 100-yd. free-for-all men, child's race for girls, child's race for boys, 1/4-mile free-for-all road race, fat men's race, fat girls' race, hop-step-and-jump; 4:30 p. m., Base Ball, Lomond Married Men vs. Lomond Single Men; 7:00 p. m., Football, Badger Lake vs. Lomond; 8:15 p. m., concert by Girl Guides and Boy Scouts. Big dance in the evening in Vicker's Hall, good music.

Born, near Travers on Saturday, April 29th., to Mr. and Mrs. J. J. Mills, a son (on the W. H. Hunter farm).

FOR SALE—Ford run-about cheap for cash, in good state of repair, equipped with Tiaken bearings, shock absorbers and adjustable driving wheel. Apply to Mrs. J. S. Sanson, care of E. Colwell, Kinmondale.

HORSE HAIR—Bring your horse hair to the Farmers Feed Barn. Cash Paid.—John Holo.

A quorum of Chautauqua guarantors was not forthcoming at the meeting called for Saturday afternoon, so it was mutually agreed to hold the meeting over till Saturday evening, May 27th., at seven o'clock.

J. W. Hooker of Travers has been gazetted as sheriff's bailiff, in the vacancy caused by the retirement of W. M. Armstrong.

Duke Armstrong is back in town.

Even a mule can't kick and go ahead at the same time.

LOMOND ALBERTA, MAY 12, 1922

### NOTES

Since the publication of the last issue The Press has had occasion to discuss the fodder situation with a number of interested parties. The idea seems to prevail that with sunflowers it would be necessary to provide too much equipment unless some idea as a "sunflower ring" were to become organized and all the members agree to co-operate in the harvesting and making silage. It must be admitted that there are a few obstacles in the road, but The Press holds to the opinion that a few obstacles are better than government relief any day and infinitely much cheaper.

But, with the growing of corn, a man can get along with no extra equipment and can use his summerfallow land without any injury to the crop of wheat to be planted in the following year provided of course that the weeds are kept down and corn cultivated.

From our own experience and from the observation of others, The Press would state that the most of the failures with the corn crop in this country have been through the fact of early planting and using land that was not freshly plowed. Corn for fodder planted between the twentieth of June and the fifth of July has been the most successful and the easiest way to hold in satisfactory state of cultivation. The days then are long and warm and the corn will grow faster than the weeds. Corn is an essentially a warm air plant.

It is little less than sacrilege to complain of the moisture that has blessed South Alberta this spring, even though it holds back a few farmers that are so anxious to seed their land. While spring moisture in no way insures a bountiful harvest, it is most pleasant to reflect that there is a little surplus down in the ground to hold plant life even should a dry spell of weather come over the country. Right here it might be stated that The Press has never witnessed a summer in Alberta that there was not a few anxious weeks for the farmer on the score of dry weather. The unfamiliar spectacle of due on the grass is refreshing to those who are up early enough to enjoy it and it has already started the growth of the grass this spring in a most healthy mat. One lone mosquito was seen prowling around the other day.

In the twentieth week of the laying contest at Storrs, Connecticut, Plymouth Rocks simply walked away from all other breeds. There are 74 pens of White Wyandottes, White Leghorns and Rhode Island Reds, but not one of them had even a chance for first place. Two pens of Barred Rocks tied for first place with 61 eggs each. An Ontario pen of Barred Rocks entered by the Agricultural College at Guelph, was second best with a yield of 60 eggs. The total production for all pens was 4,625 eggs, or a yield of 66 per cent.

Lomond Chautauqua dates—  
August 7, 8, 9, 10.

### BADGER LAKE

April 28.—Rev. N. W. Whitmore, owing to illness, was unable to conduct services here last Sunday.

Don't forget Mother's Day, Sunday, May 14th. Services at eleven a.m., special music. Let's have a good turn out.

Leslie Haynes is around again after being confined to his bed for a few days suffering from the 'flu or lagrippe.

A. Durand is making slow recovery from his attack of erysipelas.

Roy Whitting is suffering from appendicitis.

Have you noticed the wretched condition of the roads?

A gentle reminder! After dragging weeds, kindly burn same, instead of allowing them for the wind to blow all over.

Owing to the fact that the farmers are unable to secure sufficient feed, seeding will be a slow process this season.

Messrs. Stephens, Chambers and Whitley are losers of a horse each.

## For Spring Work

Our prices on Sweat Pads this year are 80c. for the brown-and-white, and 90c. for the standard yellow covered pad. How do these catch you?

Get your work harness in working shape. We can supply you with side leather cut to suit, hame straps, lines and martingales, as well as halters and other equipment.

If it's a new set of harness, we are ready to meet all reasonable competition in the matters of quality and price.

A FRESH COAT OF ALABASTINE MAKES THE WHOLE FAMILY GRIN—AND BRINGS ALL THE NEIGHBORS IN—TO SEE IT.

We have our Split Hide Shoes in Stock Now.

Men's at \$4.00 pr. Boys' at \$3.50 pr.

"You can't wear them out."

### Potatoes!

Choice Sample. See them. - \$2.00 per cwt.

Elliott, Argue & Co.

## Board of Trade Doings

May 1, meeting called to order by President Teskey at 8:30 p.m. Minutes of previous meeting satisfactorily disposed of.

A. J. Dilley, C.P.R. agent, reported that his company informed him that a telephone might be installed in the depot by the Government Telephones, the Board of Trade or the Village, just so long as the C.P.R. would not be expected to pay any of the expenses connected with the installation or rental.

Reeve Phillips reported that the Village Council had a herd by-law in to the Department of Municipal Affairs for approval and that if accepted the provisions therein were such as to contend with the nuisance of stock running at large within the village.

With regard to school matters, it was urged that all Board of Trade members attend a meeting of the school board on May 6th when an opportunity would be given for the discussion of school affairs.

It was decided to adopt the weekly half-holiday, starting Wednesday, May 10, and concluding Wednesday, Aug. 16th. The secretary was instructed to notify accordingly the boards of trade at Travers, Enchant, Retlaw and Vauxhall.

The Board decided that it was an unnecessary expense to have printed the proposed advertising cards giving the dates of the regular meetings, thereby rescinding a previous motion.

A committee composed of J. A. Cawsey, E. R. Barnett, H. Erskine, D. C. Towers and H. F. Burne was appointed from the chair to arrange a field day celebration to be held at Lomond on May 24th.

The matter of licensing dairies for milk supply of the Village was discussed but left over for further consideration at the next meeting.

## April School Report

The Brandon district is experiencing floods similar to those of 1882. The Assinaboine River is two miles wide and has entirely inundated thousands of acres of farm land, including some lands already seeded this spring.

## LOCALETS

The spirit of Isaac Walton is already percolating through the local cult and at least fish stories are emanating from sources such as Lakes Newell and McGregor and Bow River.

Wheat seeding around Lomond is about seventy-five per cent completed and under most favorable conditions.

What might have terminated in a more serious accident and disastrous fire happened at the home of Mr. and Mrs. O.R. Olson on Wednesday evening. The young lad, Donald, was trying to turn out the gas lamp and in turning the wrong way unscrewed the plug, and the compression blew the gasoline all out of the lamp, creating the basis of a lovely fire and burn-

ing the boy quite badly on the arms and about the face. A public alarm was given and the ready response of volunteers made it possible to speedily get the fire under control.

"The Scenic Heart of the Canadian Rockies—A Paradise for Motorists, Anglers, Huntsmen, Health and Vacation Seekers" issued by the Tourist Association of South Eastern British Columbia and Southern Alberta which is controlled by the boards of trade of Grand Forks, Rossland, Trail, Nelson, Cranbrook and Fernie, in British Columbia, and Lethbridge, Cardston, Pincher Creek, Blairmore, MacLeod and Banff, in Alberta, is a guide and prospectus to motor tourists that makes one forget all about the new gasoline tax and get anxious for the holiday season and cash dividends to roll along.

At the organization meeting of the Lomond Tennis Club the officers for the year were elected as follows: President, R. T. M. Temple; secretary-treasurer, C. W. Thompson; grounds committee, J. H. T. McLean, Orbie Baker and J. A. Cawsey. Since the meeting the committee has collected between forty and fifty dollars in membership fees and will purchase a new outfit of nets and tapes. Levelling and cleaning the grounds is being done by volunteer enthusiasts. The membership fees this year are three dollars a couple

Peace River district produced 8,000,000 bushels of wheat last year, an increase of 1,000,000 bushels over 1920.

o o o

Winnipeg Free Press.—Someone has been asking in what respect the dress of the modern woman resemble a barbed wire fence. The answer, of course, is simple. It protects the property without spoiling the view.

o o o

Success depends upon backbone not wishbone.

o o o

Mickey Finn came home with a report from the school physician that he had adenoids, and would Mrs. Finn have them attended to at once.

"Ad'noids: what's thim?" she asked. "They're things in your head, maw, what has to be took out," replied her son.

"He's another," said Mrs. Finn, with much earnestness, "an' what's more, I can prove it. Don't I fine-comb your head every Saturday night, and it's niver a ad'noid kin I find?"

o o o

A man is like a tack, he can only go as far as his head will let him.

o o o

Success is not made by lying awake at night, but by keeping awake in the daytime.

o o o

Business and life are like bank accounts—you can't take out more than you put in.

## Why Not Send a Boy or Girl From Lomond

Why not the U. F. A. Local send a boy or girl, or both, from Lomond. It would be an achievement worth a sacrifice.

o o o

"The University Week for Farm Young people" will be held at the University of Alberta, June 7th to 13th, in response to a general request from organizations in the country life of Alberta.

Any farm young people of Alberta, either boys or girls, between the ages 16 and 25, inclusive, may attend. Accommodation is limited to 200 boys and 150 girls, and rooms will be allotted in order of application until the available space is filled.

Delegates will live in the residence buildings of the University of Alberta, and board will be provided in the university dining hall.

Delegates should bring their own soap and towels and toilet articles, as well as tennis shoes and clothing suitable for games of various kinds.

A fee of \$1.00 should accompany registration form. If a delegate attends, this will be allowed on the board. In the case of failure to attend, the fee will not be returned.

Board will be provided in the university residence at the rate of \$10.50 for the entire week, from Tuesday evening supper, June 6th to Wednesday morning breakfast, June 14th, inclusive. This will be the only expense apart from incidental pocket money. Each delegate should be provided with a few dollars for emergencies.

Under the present arrangements, the advantage of convention rates is negligible. It has, therefore, been decided not to make any such arrangements. Delegates will therefore purchase regular return tickets. Such organizations as the U.F.A., and the U.F.W.A., are making their own arrangements for refunding railway fares, etc. Delegates not representing any particular organization will pay their own railway fare. All delegates who register will be provided with identification badges, which they should wear on the train. They should also advise the Department of Extension of the University of Alberta of the train by which they expect to arrive. Arrangements will be made to have all trains met, and delegates escorted to the University.

The sessions of the gathering will be held in Convocation Hall, Arts Building, University of Alberta. The University is reached by taking the High Level (red and white, or all white cars) west-

bound on Jasper Avenue and on Whyte Avenue, getting off at 88th Avenue, and proceeding three blocks West and two blocks North.

Delegates will register at the Department of Extension, University of Alberta, which will be found in the old Medical Building, just between the Arts Building and New Medical Building.

Registration forms should be sent in at an early date together with registration fee of \$1.00, to the Director, Department of Extension, University of Alberta, Edmonton.

### PROGRAMME

The programme will cover six full days from Wednesday, June 7th, to Tuesday, June 13th, inclusive. Those attending should plan to arrive at Edmonton on the afternoon or evening of June 6th or early morning of June 7th, so as not to miss any of the sessions.

#### Typical Day's Programme.

7:00 a.m. Reville.  
7:45 a.m. Morning Recreation.  
8:15 a.m. Breakfast.  
9:00 a.m. Life and Character Talk.  
9:15 a.m. Address on Community Problems.  
10:00 to 12:00 noon. Practical Agriculture.

#### Afternoon.

2:00 to 4:00 p.m. Nature Study, Field Work in Botany, Geology, Entomology, etc.  
4:00 to 6:00 p.m. Games and Recreation.  
7:30 to 9:30 p.m. Educational and Community Singing, etc.  
10:15 p.m. Roll Call.  
10:30 p.m. Lights out and silence.

The Programme will be provided by the staff of the College of Agriculture, the Department of Extension and other members of the University staff, assisted by speakers from outside the University, who will deal with certain special subjects.

### EYREMORE CIRCUIT NOTES

The month of May brings more and more decided marks of spring time and warmer weather and already the people are lining up for ice cream socials and the like. Bow City is planning some kind of a social, under the auspices of the Ladies' Aid, for the evening of the 24th of May. There will likely be some sort of a good program, and there may be some interesting lantern slides, and most likely there will be lots of most delectable ice cream for the hot, thirsty throats.

o o o

And Midway, too, is right after the celebration of the advent of summer, and are holding an ice cream social on Friday, the 26th of May, in the Midway

school house. This affair is being arranged under the auspices of the Midway Local U.F.W.A.

(received for previous issue)

Let every reader of this paper stop and think when he sees these two words "Mother's Day". This year the date will be Sunday, May 14th. It is always a Sunday, and quite rightly so, and has been fixed as the second Sunday in the calendar month of May. No matter how rich or poor we are, nor whether we are old or young, we have all had mothers. Those whose mothers have gone on into the next and better life, can well afford themselves some thoughts associated with the pleasant recollections of home and childhood; and if home were not as pleasant as it might have been, the chances are that the influence of the mother gave to the home whatever it may have had of a pleasant and agreeable atmosphere. If your mother still lives, let not this great day throughout the English speaking and Christian world, pass by without a letter, or a remembrance, or better still, a visit. All good children, regardless of age, will remember "Mother's Day", and all mothers will so much cherish the messages of love and gratitude which the day should bring to them.

Another way to celebrate the day is to join the ranks of worshippers in God's house on that Sunday. Go to church and breathe a prayer of thankfulness and gratitude for the mother who gave you life, and has done so much for you, and would do more if she could.

o o o

Eyremore circuit services, First Chance, 11 a.m. Adler, 3 p.m. and Bow City, 8 p.m., will hold Mothers Day services using special printed forms of service.

Most of us like to grumble a little bit about work. "Back to the grind," we say on Monday morning. But we don't mean it. Work is probably the greatest of our blessings. What a dull detestable place this world would be without work to do!

Work is the greatest panacea for all ills. Nothing like work to soften grief. The secret of good health and happiness is an open book—happy, healthful work, and lots of it.

—Imperial Messenger.

o o o

Kingston, Standard.—What's become of the fiction heroine who used to tear off a strip from her skirt and bind up her lover's wounds? If her lover got cut now, he would bleed to death.
